### ELECTORS FOR EACH PARTY

[Associated Press Cable]  
SACRAMENTO, Cal., Sept. 22.—Developments here in the controversy between the regular Republicans and the Bull Moose party advocates indicate that as a solution of the fight by each party to have its electors on the ballot, the presidential electors of both parties may be placed there.

### Over-Night Wireless To the Advertiser

Several serious charges were made against the Peruvian foreign minister, during a discussion of the Putumayo rubber district outrages, at last night's sitting of the chamber of deputies. The minister was without a defender.

Startling news came to a London news agency today in a special cable dispatch from Cairo, Egypt, telling of the discovery of a widespread conspiracy for the assassination of the Khedive of Egypt and of Field Marshal Lord Kitchener, British agent for Egypt.

Former King Manuel of Portugal and Prince Louis of Orleans, France, are negotiating for the charter of a large sea-going yacht.

Suffragettes who today attempted to break up a meeting by David Lloyd George, chancellor of the exchequer, in Llanystumwy, Wales, were roughly handled and forced to seek protection in neighboring cottages.

A national highway from Washington, via New York, to San Francisco, to be completed by January 1, 1915, in time for the Panama-Pacific Exposition, is being agitated by Eastern automobile dealers.

Among the passengers who arrived today on the steamship Baltic from Europe was Miss Felice Lyne of Kansas City, Mo., the American opera singer, who has done three remarkable things.

First, and most wonderful, she smacked Oscar Hammerstein, the well-known impresario, in the face with a bound score of "Faust." Second, she carried London by storm with her wonderful voice. Third, she received the fervent congratulations of Queen Mary.

The American-Hawaiian S. S. Co.'s new steamer Dakotan, second of the new fleet of eight steamships being built for the San Francisco-Honolulu run, is close to completion on the slips of the Maryland Steel Company. She will be ready for her trial trip in about two months.

the present session of the British Parliament, John Redmond, leader of the Irish Nationalist Parliamentary party, will formally declare the Irish Nationalist party in session in a convention to be held in Dublin for the formation of the new Irish Parliament.

Duluth's street car service was confused today as a result of the strike. Some cars ran without headlights, while some took sudden turns up avenues not marked on their signboards. Still others were so badly off schedule that the "walking clubs" again sprang into favor.

Three hundred strikers appeared in the fortification on the mountainside known as the "Shooting Gallery" from which the firing was done toward the Utah Copper Mine on the first day of the miners' strike there.

The men are supposed to be part of the force which came down from the breastworks to hear the address of Governor William Spry on Thursday.

### TO HOSPITALS AND PHYSICIANS

10 grammes Picric Acid.  
20 grammes Citric Acid.  
Water to make one litre.

Put equal quantities of this reagent and specimen from a case of Bright's Disease in test tube. In twelve hours it will show the percentage of albumen. Put the patient on an agent to counteract renal degeneration. Test again in twenty days and you will know to a certainty whether the albumen is decreasing or not. (As the albumen declines the microscope commonly shows the casts also to be disappearing.) Thus no physician or chemist need be in doubt.

If there is anything that decreases albumen and casts and permits recoveries in chronic Bright's Disease and Nephritis that are now carrying off nearly 90,000 a year, it is one of the most important contributions to modern medicine. That you may know to a certainty that these results are being obtained we present the agent, Fulton's Renal Compound, and hand you the above formula to demonstrate the fact in your own offices.

The new agent is a mild infusion without opiates or heart stimulants and contains less than five per cent of alcohol (to prevent fermentation). The substance of the formula surrounds each bottle. The motive being to reduce renal degeneration it does not conflict with physicians' prescriptions and can be given with the usual heart, eliminative, and tonic treatment. It often gets recoveries alone where there is a fair heart and recuperative power. All do not recover, but is changes the prognosis from despair to hope in many cases. Even critical cases have yielded, but to delay till patient is greatly weakened invites failure.

Honolulu Drug Company will fill prescriptions and supply the compound. Ask for pamphlet or write John J. Fulton Co., San Francisco.
